

In regards to MB Docket No. 04-233, K-LOVE radio station serves us greatly in the community by keeping us abreast of activities world-wide as well as locally. Also by playing inspirational music which motivates and soothes the soul. The effect of K-LOVE displaced by LPFM broadcasting would be not only saddening but angerring. K-LOVE offers family friendly programming, wholesome values, and encouraging impact on the communities it serves. As our world degenerates to moral decay K-LOVE's presence on the radio is an outlet that inspires and invigorates people to aspire to persevere and initiate positive change. This is why K-LOVE is in the public's best interest to keep on the air not to be replaced by LPFM. Thank you for protecting K-LOVE and the public.
